§ 426. Calculating the Steps of Salary Levels.

(a) One step higher is calculated by multiplying the salary rate by 1.05. One step lower is calculated by dividing the rate by 1.05. For example: (1) to determine one step higher than a salary rate of \$2,300, the following calculation applies: $\$2,300 \times 1.05 = \$2,415$. (2) to determine one step lower than \$2,300, the following calculation applies: $2,300/1.05 = 2,190$.

(b) Two steps higher is calculated by multiplying the salary rate by 1.05 and then multiplying the resulting figure by 1.05. For example, to determine what salary rate is two steps higher than \$2,300, the following calculation applies: $\$2,300 \times 1.05 = \$2,415 \times 1.05 = \$2,536$.

~~§ 427. Interjurisdictional Employee Exchange.~~

~~A state appointing power may with the concurrence of an employee assign or loan the employee to another jurisdiction, or may receive an employee from another jurisdiction, in accordance with Government Code Section 19050.8, except as otherwise provided by law, provided that the following conditions are met:~~

~~(a) The state appointing power determines that the assignment or loan is of benefit to the state and is for either training purposes or for compelling management need purposes as specified in Section 442.~~

Final Text of Regulations

~~(b) The other jurisdiction is governmental in character. It may be federal, state, or local, including other countries, public colleges and universities, and other instrumentalities, and may be in or outside of California.~~

~~(c) No layoff of state personnel is necessary.~~

~~(d) Both appointing authorities approve a written document containing, as a minimum, a statement that the assignment or loan is subject to this rule, the period and duties and conditions of the assignment or loan, the training or compelling management need to be accomplished, and provision for either continuing or substituting alternatives for all rights and benefits to which the employee of the agency or jurisdiction is otherwise entitled.~~

~~(e) Any necessary authorizations for funds or travel are obtained from the Departments of Finance, General Services, or other appropriate authority.~~

~~Employees from other jurisdictions gain no status in the California state service through such temporary assignments or loans.~~

~~For the purposes of administering the state civil service laws and regulations, a state employee participating in such an arrangement shall be considered an employee of the state agency from which loaned or assigned, except the employee's work and activities shall be subject to the direction of the jurisdiction to which loaned or assigned.~~

~~Either appointing authority or the employee may terminate the assignment at any time for any reason or the executive officer may terminate it if it is being carried on contrary to or in a manner inconsistent with the Government Code or these regulations. The employee's salary and benefits may be paid in any proper manner agreed upon by the appointing authorities of the participating agency and jurisdiction.~~

(b) For deep classes, each alternate salary range shall be treated as if they were separate classes and the highest alternate salary range attained by the employee shall be used for purposes of salary calculations and comparisons.

§ 428. Voluntary Transfers In General.

(a) Employees in state civil service with permanent or probationary status may be eligible for appointment to positions in state civil service by way of transfer, without examination, in accordance with the provisions of this Article.

(b) Classes that are substantially the same salary range or salary level shall be considered to involve substantially the same level of duties, responsibility, and salary for purposes of a transfer without an examination, except the Board or Executive Officer may prohibit transfer between such classes based on a finding that the classes are in a promotional relationship.

(c) The Board or Executive Officer may prohibit transfers from classes that have been established for limited duration positions.

(d) The Board or Executive Officer may allow transfer without an examination when deemed to be in the best interest of the State.

§ 429. Voluntary Transfers Between Classes.

(a) Unless otherwise prohibited in Article 19, appointing powers may allow employees to voluntarily transfer between classes when the employee possesses any licenses, certificates, or registration required in the "to" class and satisfies the minimum qualifications of the "to" class. The following criteria shall also apply:

(1) The salary range of the "to" class is exactly the same or any amount lower than the "from" class; or

(2) The salary range of the "to" class is any amount higher than the "from" class, provided that all of the following shall apply:

(A) A promotional salary range for the candidate does not result from the transfer.

(B) The "to" and "from" classes are in a different class series, unless the Board specifically provides that transfers are allowed within the class series.

Final Text of Regulations

(C) There is no class in the "to" series that is exactly the same in salary as the "from" class.

(D) The "to" class is the class in its series that is immediately higher in pay than the "from" class.

(E) The transfer does not preclude a future transfer that is part of the established upward mobility pattern through which the employee is moving.

(F) The "from" and "to" classifications are not in positions that have a supervisory-subordinate relationship under the appointing power making the transfer.

(b) If the employee, without a break in continuity of state service, either (1) previously passed probation and achieved permanent status in the "to" classification or (2) had probationary status in the "to" classification and satisfies the minimum qualifications of the "to" classification, the reinstatement standards set forth in Government Code section 19140 shall apply.

~~§ 430. General.~~

~~Classes meeting the criteria established by this article shall be considered to involve substantially the same level of duties, responsibility and salary for the purposes of Government Code Section 19050.4; provided that the board or the executive officer may prohibit transfer between such classes based on a specific finding that they are in a promotional relationship.~~

~~The board or executive officer may also prohibit transfers from classes that have been specifically established for limited duration positions.~~

~~NOTE: Authority cited: Section 18701, Government Code. Reference: Section 19050.4, Government Code.~~

~~§ 431. Salary and Class Level Comparisons.~~

~~(a) The following definitions shall apply to salary and class level comparisons made under this chapter:~~

~~(1) "Substantially the same salary range or salary level" means the maximum rate of the salary range of one class is less than two steps higher than or is the same as the maximum rate of the salary range of another class.~~

~~(2) "Promotional salary relationship, range or level" means the maximum rate of the salary range of one class is at least two steps higher than the maximum rate of the salary range of another class.~~

~~(3) "Salary range" means the range of rates between, and including, the minimum and maximum rate currently authorized for the class.~~

~~(4) "Rate," for employees compensated on a monthly basis, means any one of the full dollar amounts found within the salary ranges established by the Department of Personnel Administration and, for employees compensated on a daily or hourly basis, means any one of the dollar and cents amounts found within the salary range.~~

~~(5) Unless otherwise provided by resolution of the board, "step," for employees compensated on a monthly basis, means a five percent differential above or below a salary rate, rounded to the nearest dollar and, for employees compensated on a daily or hourly basis, means a five percent differential above or below a rate rounded to the nearest dollar and cents amount.~~

~~(A) Pursuant to (5), one step higher is calculated by multiplying the rate by 1.05. One step lower is calculated by dividing the rate by 1.05 (e.g., $\$2,300 \times 1.05 = \$2,415$, one step higher; $2,300 \div 1.05 = 2,190$ one step lower).~~

~~(B) Pursuant to (1) and (2), two steps higher is calculated by multiplying the rate by 1.05 and then multiplying the product by 1.05 (e.g., $\$2,300 \times 1.05 = \$2,415 \times 1.05 = \$2,536$, two steps higher).~~

Final Text of Regulations

~~(b) Unless otherwise provided by resolution of the board, the maximum rate of the lowest salary range currently authorized for a class is used to make salary comparisons for the purposes of this chapter.~~
