INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

A. Summary of Existing Laws and Regulations Related to the Proposed Action

The Board is a constitutional body responsible for enforcing California's civil service statutes. (Cal. Const., art. VII, § 3.) In addition, the Board, by majority vote of all its members, prescribes probationary periods and classifications, adopts other rules authorized by statute, and reviews disciplinary actions imposed against state employees. (*Ibid.*) The Board also establishes rules implementing and enforcing the merit principle in the state civil service system. (Gov. Code, § 18660; see Cal. Const., art. VII, § 1, subd. (b).) Consistent with the merit principle, the Board promulgates rules to govern classifications, examinations, probationary periods, disciplinary actions, Career Executive Assignments (CEA)s, and other matters related to its authority under Article VII of the California Constitution. (Gov. Code, §§ 18502, subd. (b) & 19889.)

Regulations adopted by the Board are exempt from the Administrative Procedure Act (APA), except as expressly specified. (Gov. Code, §§ 18211, 18215, & 18216.) The Board's regulations concerning selection, examinations, and classification may be adopted by the Board without public notice or comment; however, regulations related to selection and examinations shall be reasonably available to all interested parties. (Gov. Code, § 18213.) The rulemaking procedures set forth in Government Code section 18214 apply to the adoption of Board regulations concerning other matters.

In this instance, the subject matter of the proposed regulations relates to classifications, examinations, and selection. These regulations are thus exempt from the APA process; however, the Board finds that a public comment period would be appropriate for this regulatory package.

B. Comparable Federal Regulations or Statutes

The Board has conducted a review of federal regulations and statutes and determined there are no comparable federal regulations or statutes.

C. Policy Statement Overview

The proposed regulatory action will benefit civil service by ensuring that the Board's Classification Plan is periodically and routinely reviewed and revised when necessary. This regulatory action also protects any incumbents in a classification that is abolished. The proposed changes modernize and update the Board regulations to cover online and web-based examinations and job announcements that are posted on websites or by other electronic means. Calculating part-time equivalent experience and the method for counting time for temporary appointments are simplified. Qualified applicant pools will be expanded by establishing a definition of minimum qualifications that is clear, required, and doesn't create artificial barriers to employment. The retention and devotion to state civil service is promoted by clarifying when appointing powers may promote employees in place. The proposed regulatory action will also improve the civil service selection process by setting reasonable time frames for the hiring process. In addition, the examination and selection process related to Career Executive Assignment (CEA)s is updated and improved to allow limited-score examinations. CEA examination announcements are simplified by conforming the requirements to those of other civil service examinations.

D. Evaluation of Consistency and Compatibility with Existing State Regulations

In reviewing other state regulations, the Board found that the instant regulatory proposal is consistent and compatible with existing state regulations.

DETERMINATION OF FISCAL IMPACT ON PUBLIC AGENCIES:

The Board has made the following initial determinations:

- Mandate on local agencies and school districts: None.
- Cost to any local agency or school district that must be reimbursed in accordance with Government Code sections 17500 through 17630: None.
- Cost or savings to any State agency: This proposed regulatory package updates the Board's regulations for consistency with advances in technology and conforms certain rules to conform with changes in statutory law. This proposed action also conforms certain long standing Board policies into regulation. Therefore, the Board expects that any costs or savings to State agencies will be minimal, if any.
- Other nondiscretionary cost of savings imposed on local agencies: None.
- Cost or savings in federal funding to the State: None.

SIGNIFICANT EFFECT ON HOUSING COSTS:

None.

ECONOMIC IMPACT ON BUSINESS:

- Significant, statewide adverse economic impact directly affecting businesses including the ability of California businesses to compete with businesses in other states: None.
- Effect on small business: The proposed regulations only set standards related to state civil service classifications, examinations, and selection procedures. Accordingly, it has been determined that the adoption of the proposed regulations would not affect small businesses in any way.

DESCRIPTION OF COST IMPACT:

The Board is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

RESULTS OF ECONOMIC IMPACT ASESMENT:

Adoption of these regulations will not:

1. Create or eliminate jobs within California.
2. Create new businesses or eliminate existing businesses within California.
3. Affect the expansion of businesses currently doing business within California.
4. Affect worker safety or the state's environment.

It is expected that the adoption of this regulatory package will have a positive impact on the general health and welfare of California residents in that the benefits of this proposed regulatory action include simplifying, streamlining, and modernizing state civil service classification, examination, and selection procedures.

CONSIDERATION OF ALTERNATIVES:

The Board must determine that no reasonable alternative it considered or that is otherwise identified and brought to its attention would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.
